MEET OUR DOCTORS

Our mission is to provide first-class independent healthcare for the local community in a safe, comfortable, and welcoming environment.

In addition to delivering excellent care and service, we want to inspire people to see their health in a new way. More than doctor visits and medical tests, but a lifelong journey of small, manageable steps. These are some of the things we've been recognized for again and again over the years

WHAT CLIENTS SAY

"When I began looking for the "best" center for Max I chose Medicol. You are the best. Many thanks to you and your warm, concerned staff for providing a safe haven for Max and giving me much needed respite. We will see how his nasty disease progresses and if possible will send him again next summer. . . Many thanks for everything."

Reta Schmidt
Patient

"Three and a half months ago, my family lost someone that meant the world to us: my father. We made many trips to Medicol with my father for comfort care. We did have a few star employees that deserve recognition. We will never take that from him, but he adored two employees and they were great to him."
