MEET OUR DOCTORS

Our mission is to provide first-class independent healthcare for the local community in a safe, comfortable, and welcoming environment.

In addition to delivering excellent care and service, we want to inspire people to see their health in a new way. More than doctor visits and medical tests, but a lifelong journey of small, manageable steps. These are some of the things we've been recognized for again and again over the years

WHAT CLIENTS SAY

"When I began looking for the "best" center for Max I chose Medicol. You are the best. Many thanks to you and your warm, concerned staff for providing a safe haven for Max and giving me much needed respite. We will see how his nasty disease progresses and if possible will send him again next summer ... Many thanks for everything."

Reta Schmidt
 Patient

"Three and a half months ago, my family lost someone that meant the world to us: my father. We made many trips to Medicol with my father for comfort care. We did have a few star employees that deserve recognition. We will never take that from him, but he adored two employees and they were great to him."
